MEMORANDUM

TO: District School Superintendents
FROM: Wayne V. Pierson
SUBJECT: Update on Status of State Waivers

This memo is to provide further direction regarding the status of waivers relating to facilities. The memo from Kathy Mizereck on this subject, dated November 15, 2002, indicated that waivers relating to facilities remain in effect until completion of the project for which the waiver was approved. Further direction is required since some waivers were approved without reference to specific projects. An example of such a waiver is one approved to construct facilities that exceed the student stations recommended in the educational plant survey. The facility waivers of this general type shall terminate on June 30, 2003. Any waiver that is associated with a contract entered into by June 30, 2003, for construction of a facility, will remain in effect until the completion of the construction project.

For more information or related questions, please contact Jason Fudge in the General Counsel's office at (850) 488-7707.
