MEMORANDUM

To: District School Superintendents

From: Jim Warford

Date: December 1, 2003

Subject: **FLORIDA SCHOOL HEALTH & EDUCATION CONSORTIUM RESOURCE GUIDE**

The Department of Education Coordinated School Health office is pleased to provide an update of the Florida School Health and Education Consortium Resource Guide for the 2003-2004 school year. This Guide was developed to assist Florida school districts and other school health professionals in linking with resources and programs throughout the state and provides contact information for national resources and professional organizations, United States government organizations, state resources and professional organizations, regional health resources, and county health and education resources to support the work of school health professionals. Additional copies of this Resource Guide are available from the Coordinated School Health Resource Center by contacting Eileen Smith at (850) 245-0477 or cicbiscs@fldoe.org. This information will be posted as a searchable file in the near future on the Coordinated School Health web page at www.firn.edu/doe/commhome/comphome.htm, then click on "Resources."
