FROM: John L. Winn

SUBJECT: Rule Development Workshops for Rule 6A-5.066, FAC, Approving Programs of Teacher Education

As part of our continuing focus on providing a highly effective teacher in every classroom and meeting the classroom vacancy demands in the coming school years, we are moving forward with the revision process for State Board of Education Rule 6A-5.066, which governs the approval process for teacher preparation programs.

This memorandum is to announce the date, place, and time for rule development workshops to be held this month in locations around the state. We encourage you to attend and provide input into this rule - what should be changed and how, and what may need to remain - so that our program approval process focuses on the key elements needed for effective programs and graduates. For those of you not able to attend, please send your written comments on the rule to the Department via the contact information shown in the header above. Please also forward this information to your faculty and staff.

June 17, 2005

4:00-6:00 p.m.
