In the Department of Education's continued effort to improve student attendance and to improve student rates of learning, please find attached a copy of the report from the Department of Highway Safety and Motor Vehicles (DHSMV) for the third quarter of 2005-2006. The Technical Assistance Paper on Implementation of Attendance Requirements for Minors to Maintain Their Driving Privilege directs school districts to transmit student data to DHSMV at least once a week. Implementation of these requirements can improve district dropout and attendance rates. Data revealed that approximately 4 percent of students who had their driver licenses suspended for excessive absences received a second suspension. Therefore, 96 percent of students who received a first suspension were never issued a second suspension for non-compliance with school attendance requirements.

If you have questions regarding your data, please contact Donald Klein, DHSMV, at (850) 617-3811. If you have questions concerning policies and procedures relating to the implementation of the driver license/school attendance program requirements, please refer to the Technical Assistance Paper on Implementation of Attendance Requirements for Minors to Maintain Their Driving Privilege, located at [www.firn.edu/doe/bin00014/tap-home.htm](http://www.firn.edu/doe/bin00014/tap-home.htm), or contact Rich Downs via e-mail at [rdowns@tempest.coedu.usf.edu](mailto:rdowns@tempest.coedu.usf.edu) or by telephone at (850) 922-3732, or SunCom 292-3732.
