SUBJECT: Technical Assistance Paper, Charter School Improvement Plans

In support of the State Board of Education's imperative to increase the quantity and improve the quality of educational options for Florida's families, the Department is pleased to provide this technical assistance paper (TAP) on Charter School Improvement Plans. Recently enacted legislation, HB 7103, added new academic accountability requirements for charter schools graded D or F. This document summarizes those requirements, including the development and implementation of school improvement plans.
