Charter Schools Transportation Resource Guide (850) 245-9795
SC 205-9795

DATE: November 30, 2006

TO: School District Transportation Directors
Charter School Directors

FROM: Charlie Hood, Director
School Transportation Management

SUBJECT: Charter Schools Transportation Resource Guide

Ensuring access to learning requires that school districts and charter schools transport students safely and effectively. Attached you will find the updated Charter Schools Transportation Resource Guide from the Florida Department of Education (FDOE). The Guide is intended for use by prospective and existing charter schools and school district sponsors or other sponsoring entities. Topics covered include the following:

- Overview of relevant Florida Statutes and State Board of Education rules
- Summary of student transportation safety requirements
- Determining student eligibility for transportation
- Planning transportation services and estimating cost
- Estimating and claiming state reimbursement
- Monitoring requirements
- Additional resources and contacts

We encourage you to distribute the Charter Schools Transportation Resource Guide to other interested parties. If you have any questions or require assistance, please call Julie Wammack at (850) 245-9795 or e-mail her at Julie.Wammack@fldoe.org.
