An Online survey has been posted in an effort to gather input from stakeholders. It will be used to collect feedback on the draft access points in mathematics. It will be open for a period of six weeks from February 19, 2007, through March 31, 2007, so that you can work on the review over a period of time. The survey is separated by grade level and you are encouraged to review as many grade levels as you wish. If you are not able to complete a survey at one sitting, you may return to your responses, as long as you are using the same computer. We encourage you to share this request with individuals on your staff who are knowledgeable about the curriculum and instruction needs of students with significant cognitive disabilities, so that we can obtain input from as many individuals as possible. The link to the survey is <http://www.cpt.fsu.edu/ese/survey>.

If you have any questions regarding these meetings, please contact Ms. Marty Beech by electronic mail at mbeech@lsi.fsu.edu or by telephone at (850-921-0687); or Ms. Gail Best by telephone at (877) 873-7232 or by electronic mail at bestg@paec.org.
