

Calling All Administrators in Florida.

Membership in the *Florida Network of Arts Administrators* (FNAA) is open to all administrators in Florida, and partners with the International NETWORK of Schools for the Advancement of Arts Education and the Hinckley Center for Fine Arts in Tallahassee. FNAA is a “must” organization for administrators in our state. A dedicated and focused consortium of administrators will prove invaluable in providing resources and opportunities for networking and advancing arts integration and arts-specific programs.
