Name of Person Completing Survey: \_\_\_\_\_ Title: \_\_\_\_\_ E-mail: \_\_\_\_\_ Phone: \_\_\_\_\_

**SECTION A: EXISTING CONCURRENT-USE PROGRAMS – BACCALAUREATE LEVEL OR ABOVE**

1. Please ensure that all existing concurrent- or joint-use programs are indicated below. In your responses, include partnerships you have with state, independent, and out-of-state institutions. *Note: Concurrent-Use includes all upper-division programs offered at your facilities; Joint-Use includes programs taking place in jointly owned facilities.*
  
2. Current existing programs, based on your February 2002 submissions, are already listed. Please fill in any blank information for these existing programs, make any necessary deletions AND add any new programs that have been added since February 2002. *Remember that certain things will have changed such as # of students enrolled and total FTE. Please be sure to update this information as well. Please make any edits in a color different than black.*
  
3. Indicate which programs you believe are exemplary (i.e., can be added to the Division's best practices database) by placing an "X" in the appropriate column and completing **Section C** of this survey.

Name of Partnering Institution	Official Name of Program(s)	Degree Level (B.A., B.S., M.S., etc.)	University Contact Name	Location of Program(s) Campus/Facility	New or Existing Program	Program Type (check one)		# of Students Enrolled	Total FTE	Est. # of annual degrees conferred	How is program financed? **SECTION C: BEST PRACTICES**

Please list any programs below that you flagged as exemplary in Sections A & B. Florida Board of Education Strategic Imperative Eight emphasizes *alternative access strategies* for higher education. Please consider this when selecting best practices and look for innovative approaches (such as distance education delivery mechanisms) in addition to the traditional programs. Write a paragraph about the program explaining why you think it is unique and exemplary and should (possibly) be adopted as a best practice.
