

## Postsecondary Preparatory Instruction

---

The following information should be used to guide student enrollment in postsecondary preparatory instruction courses. **Only those students scoring below the college-ready cut scores must receive instruction.** Administrators, guidance counselors, and teachers are encouraged to consider courses carefully before selecting the most appropriate course for student enrollment. Students who enroll in Mathematics for College Success, Reading for College Success, and Writing for College Success may not earn core academic credit to satisfy graduation requirements. In addition, these courses may not be approved by the National Collegiate Association of Athletes (NCAA), Bright Futures Scholarship Program, and State University System for eligibility or admissions purposes. The following Postsecondary Education Readiness Test (P.E.R.T.) cut scores are guidelines for student placement.

Lower Level Developmental Education	Math for College Success (1200410)	Scores of 50-95
