

Memorandum Number 02-55

October 28, 2002

MEMORANDUM

TO: Community College Presidents
FROM: J. David Armstrong, Jr.
SUBJECT: 2001 Florida Public High School Graduates FTE and Dual Enrolled History

Attached is a chart that reflects enrollment of 24,455 non-weighted FTE generated by the 2001 Florida public high school graduates. This amount represents 9.1% of the total FTE of 267,486 (based on 30 credit hours) reported in 2001-2002.

Also, attached is a ten-year comparison of dual enrollment. In 1991-1992, the dual enrollment for the system was 4,694 FTE. Since that time, dual enrollment has grown to a total of 9,892 FTE, which is an increase of 110.7%. For small colleges, this is a significant part of their credit enrollment. Several colleges, such as Broward, Daytona Beach, Palm Beach and Valencia, have had the most dramatic growth; however, two colleges declined over the ten-year period.

If you have any questions about this information, please call Ed Cisek at SUNCOM 278-7926, extension 118 or (850) 488-7926, extension 118.
