DPS: 2013-24

MEMORANDUM

TO: District School Superintendents

FROM: Pam Stewart

DATE: April 26, 2013

SUBJECT: High School Transcript Reporting and Credit Recovery Courses

The State Board of Education approved the [2012–2013 Florida Course Code Directory](#) on July 17, 2012, and 23 high school credit recovery courses were added. These courses are designed for the purpose of course credit recovery, grade forgiveness or remediation for students needing to prepare for an end-of-course (EOC) assessment. These courses satisfy elective course credit for high school graduation.

This memorandum replaces DPS: 2012–06, dated February 3, 2012, *New High School Transcript Data Elements 2011–2012*, which provided information to assist with the implementation of new data elements and high school transcript recording.

In order to help with high school transcript reporting, this memorandum provides the following:

- Frequently Asked Questions
- Example 1–Sample High School Transcript–Student Entering Grade 9 in 2011–2012
- Example 2–Sample High School Transcript–Student Entering Grade 9 in 2012–2013

PAM STEWART
CHANCELLOR OF PUBLIC SCHOOLS

High School Transcript Reporting and Credit Recovery Courses

April 26, 2013

Page Two

- Table 1–Course Assessment Status Transcript Reporting Chart
- Table 2–Grade Forgiveness and EOC Transcript Reporting Chart
- Table 3–2012-2013 Credit Recovery Courses

Thank you for your continued commitment to educational excellence. For information related to state graduation requirements, please visit the Florida Department of Education's [Graduation Requirements](#) webpage.

If you have questions related to the data elements, please contact Tammy Duncan. If you require assistance with implementation of state graduation requirements, please contact Helen Lancashire.

Frequently Asked Questions

Course Assessment Status

What is the definition of the Course Assessment Status data element (197232)?

It is defined as the status of the student in relation to the assessment for a course in which an end-of-course (EOC) assessment is required for high school credit to be awarded.

2. What are the Course Assessment Status codes and corresponding definitions?

Code	Definition/Example
A	The student took and passed the EOC assessment required for the course as per s. 1008.22(3)(c) 2.a. , Florida Statutes (F.S.).
B	The student took and failed the EOC assessment required for the course as per s. 1008.22(3)(c) 2.a. , F.S.
C	The student did not yet take the EOC assessment required for the course as specified in s. 1008.22(3)(c) 2.a. , F.S.
D	The transfer student is exempt from taking the EOC assessment required for the course as specified in s. 1008.22(9)(b) , F.S.
E	The student took and passed the EOC assessment required for the course as per s. 1008.22(3)(c) 2.a. , F.S., and consequently exempted all or part of the course as per s. 1003.4295(3) , F.S.
F	The student with a disability had the EOC assessment requirement for this course waived as per s. 1003.428(8)(b) 2 , F.S.
Z	The course does not have a required EOC assessment or the student is not in a cohort that requires taking the EOC assessment for earning course credit for the course.

3. Where will the Course Assessment Status code be recorded on the high school printed transcript?

The code will be recorded under the Course Assessment Status column (AC) next to the Course Grade (GR) column. Please refer to the Sample High School Transcripts, Examples 1 and 2, pages 19–22.

4. How is credit attempted and credit earned reported on the high school printed transcript?

Please refer to Table 1, pages 23–24, Course Assessment Status Transcript Reporting, for specific recording guidelines.

Course Assessment Status Code “A”

5. If a student is enrolled for two semesters and passed the EOC assessment required for the course at the end of the second semester, what is recorded on the transcript? (Refer to Table 1, example 7)

- For districts using annual reporting (Term 3)
 - An “A” code is recorded in the AC column.
 - The grade is recorded in the GR column.
 - A “1.0” is recorded in the Credit Attempted column and a “1.0” is recorded in the Credit Earned column.
- For districts reporting by semesters
 - A “C” code is recorded in the AC column after first semester.
 - An “A” code is recorded in the AC column after second semester.
 - The grade is recorded in the GR column for the first and second course entries.
 - A “0.5” credit is recorded in the Credit Attempted column for the first and second course entries.
 - A “0” is recorded in the Credit Earned column for the first course entry and a “1.0” credit is recorded in the Credit Earned column for the second course entry.

6. If a student is enrolled for two semesters and passed the EOC assessment required for the course at the end of the first semester, what is recorded on the transcript? (Refer to Table 1, example 8)

- For districts using annual reporting (Term 3)
 - An “A” code is recorded in the AC column.
 - The grade is recorded in the GR column.
 - A “1.0” is recorded in the Credit Attempted column and a “1.0” is recorded in the Credit Earned column.
- For districts reporting by semesters
 - An “A” code is recorded in the AC column for first and second semesters.
 - The grade is recorded in the GR column for the first and second semester course entries.
 - A “0.5” credit is recorded in the Credit Attempted column for the first and second course entries.
 - A “1.0” credit is recorded in the Credit Earned column for the first semester.
 - A “0” is recorded in the Credit Earned column for second semester.

Course Assessment Status Code “B”

7. If a student is enrolled for one semester in a course that requires an EOC assessment passing score in order for credit to be awarded and fails to earn a passing score, what is recorded on the transcript? (Refer to Table 1, example 2)

- For districts using annual reporting (Term 3) and reporting by semester
 - A “B” code is recorded in the AC column.
 - The grade is recorded in the GR column.
 - A “0.5” is recorded in the Credit Attempted column and a “0” is recorded in the Credit Earned column.

8. If a student is enrolled for two semesters in a course that requires an EOC assessment passing score in order for credit to be awarded and fails to earn a passing score, what is recorded on the transcript? (Refer to Table 1, example 5, page 24)

- A “B” code is recorded in the AC column.
- For districts using annual reporting (Term 3)
 - The grade is recorded in the GR column.
 - A “1.0” is recorded in the Credit Attempted column.
 - A “0” is recorded in the Credit Earned column.
- For districts reporting by semesters
 - The grade is recorded in the GR column for the first and second course entries.
 - A “0.5” credit is recorded in the Credit Attempted column and a “0” credit is recorded in the Credit Earned column for the first and second course entries.

Course Assessment Status Code “C”

If a student is enrolled for one semester in a course that requires an EOC assessment passing score in order for credit to be awarded and did not take the EOC assessment, what is recorded on the transcript? (Refer to Table 1, example 3, page 24)

- For districts using annual reporting (Term 3) and reporting by semesters
 - A “C” code is recorded in the AC column.
 - The grade is recorded in the GR column.
 - A “0.5” is recorded in the Credit Attempted column and a “0” is recorded in the credit earned column.

10. If a student is enrolled for two semesters in a course that requires an EOC assessment passing score in order for credit to be awarded and did not take the required EOC assessment, what is recorded on the transcript? (Refer to Table 1, example 6, page 24)

- A “C” code is recorded in the AC column.
- For districts using annual reporting (Term 3)
 - The grade is recorded in the GR column.
 - A “1.0” is recorded in the Credit Attempted column.
 - A “0” is recorded in the Credited Earned column.
- For districts reporting by semesters
 - The grade is recorded in the GR column for the first and second course entries.
 - A “0.5” credit is recorded in the Credit Attempted column and a “0” credit is recorded in the Credit Earned column for the first and second course entries.

Course Assessment Status Code “D”

11. What Course Assessment Status code is recorded on the transcript for a student who transfers into a Florida public school and has earned credit in a course for which an EOC assessment passing score is required to award course credit?

A school principal may determine in accordance with [Rule 6A-1.09941](#), Florida Administrative Code (F.A.C.), State Uniform Transfer of High School Credits, whether a transfer student must take an EOC assessment in a course for which the student has credit that was earned from the previous school. If the principal exempts the student from the EOC assessment, a “D” code is recorded in the AC column. [Rule 6A-1.09941](#), F.A.C, is under revision.

Course Assessment Status Code “E”

If a student took and passed an EOC assessment required for a course through the Credit Acceleration Program (as specified in s. [1003.4295\(3\)](#), F.S.), the student would be exempted from all or part of the course. What is recorded on the transcript? (Refer to Table 1, example 1, page 24)

- An “E” code is recorded in the AC column.
- An “NG” is recorded in the GR column.
- A “0” is recorded in the Credit Attempted column.
- A “1.0” is recorded in the Credit Earned column for annual reporting (Term 3), or a “0.5” is recorded in the Credit Earned column for the first and second course entries.

13. If a student took and passed an EOC assessment and was enrolled for one semester without completing the course, what is recorded on the transcript? (Refer to Table 1, example 4, page 24)

- An “E” code is recorded in the AC column.
- The grade is recorded for semester one in the GR column.
- For districts using annual reporting (Term 3)
 - A “0.5 “ credit is recorded in the Credit Attempted column.
 - A “1.0” credit is recorded in the Credit Earned column.
- For districts reporting by semesters
 - A “0.5” credit is recorded in the Credit Attempted column.
 - A “1.0” credit is recorded the Credit Earned column for the first course entry.

14. What course number is recorded on the transcript for a student who took and passed an EOC assessment required for a course through the Credit Acceleration Program (as specified in s. [1003.4295\(3\)](#), F.S.)?

- Algebra 1–1200310
- Geometry–1206310
- Biology 1–200031

Course Assessment Status Code “F”

15. If a student with a disability who has an individual education plan (IEP) is enrolled for two semesters and after attempting the EOC at least one time had the EOC assessment requirement for a course waived as per s. [1003.428\(8\)\(b\) 2](#), F.S., what is recorded on the transcript? (Refer to Table 1, example 9, page 24)

- For districts using annual reporting (Term 3)
 - An “F” code is recorded in the AC column.
 - The grade is recorded in the GR column.
 - A “1.0” is recorded in the Credit Attempted column and a “1.0” is recorded in the Credit Earned column.

- For districts reporting by semesters
 - A “C” code is recorded in the AC column after first semester.
 - An “F” code is recorded in the AC column after second semester.
 - The grade is recorded in the GR column for the first and second course entries.
 - A “0.5” credit is recorded in the Credit Attempted column for the first and second course entries.
 - A “0” is recorded in the Credit Earned column for the first course entry.
 - A “1.0” credit is recorded in the Credit Earned column for the second course entry.

Course Assessment Status Code “Z”

What Course Assessment Status code is recorded on the transcript for courses that do not require an EOC assessment?

A “Z” code is recorded in the AC column. This code is also used if the student is not in a cohort that requires taking the EOC assessment for earning course credit.

Mathematics and Science Equivalent Courses

What are the mathematics and science course requirements for the Course Assessment Status codes recorded on the transcript?

Recording Course Assessment Status codes next to a particular mathematics or science course is dependent on the school year and grade level of the student.

Algebra 1 EOC Assessment 2011-2012

- A middle grades student completing Algebra 1 or an equivalent course must take the Algebra 1 EOC assessment and achieve a passing score to be awarded high school credit in 2011-2012 and thereafter.
- A student who enters ninth grade in the 2011-2012 school year and thereafter must take the Algebra 1 EOC assessment and achieve a passing score to be awarded high school credit in order to satisfy graduation requirements.

Geometry EOC Assessment 2012-2013

- A middle grades student who is completing Geometry or an equivalent course must take the Geometry EOC assessment and achieve a passing score to be awarded high school credit in the 2012-2013 school year and thereafter.
- A student who enters ninth grade in the 2012-2013 school year and thereafter must take the Geometry EOC assessment and achieve a passing score to be awarded high school credit in order to satisfy graduation requirements.

Biology 1 EOC Assessment 2012-2013

- A middle grades student completing Biology 1 or an equivalent course must take the Biology 1 EOC Assessment and achieve a passing score to be awarded high school credit in the 2012-2013 school year and thereafter.
- A student who enters ninth grade in the 2012-2013 school year and thereafter must take the Biology 1 EOC assessment and achieve a passing score to be awarded high school credit in order to satisfy graduation requirements.

Next Generation Sunshine State Standards

18. Which mathematics and science courses are required to have a passing score on an EOC assessment to award course credit?

The Algebra 1 EOC assessment is based on the Next Generation Sunshine State Standards course description for Algebra 1 and its equivalent courses and must be administered to students completing the following courses:

- Algebra 1 – 1200310
- Algebra 1 Honors – 1200320
- Algebra 1B – 1200380
- Pre-Advanced International Certificate of Education (pre-AICE) Mathematics 1 – 1209810
- IB Middle Years Program – Algebra 1 Honors – 1200390

The Biology 1 EOC assessment is based on the Next Generation Sunshine State Standards course description for Biology 1 and its equivalent courses and must be administered to students completing the following courses:

- Biology 1 – 2000310
- Biology 1 Honors – 2000320
- Pre-AICE Biology – 2000322
- Biology Technology – 2000430
- Biology 1 PreIB – 2000800
- IB Middle Years Program Biology Honors – 2000850
- Integrated Science 3 – 2002440
- Integrated Science 3 Honors – 2002450

The Geometry EOC assessment is based on the Next Generation Sunshine State Standards course description for Geometry and its equivalent courses and must be administered to students completing the following courses:

- Geometry – 1206310
- Geometry Honors – 1206320
- IB Middle Years Program Geometry Honors – 1206810
- Pre-AICE Mathematics 2 – 1209820

Students enrolled in the following Credit Recovery courses are eligible to participate in an EOC Assessment administration:

- Algebra 1 Credit Recovery – 1200315
- Geometry Credit Recovery – 1206315
- Biology 1 Credit Recovery – 2000315

Special Note: The intent of the legislation was that all students complete these assessments, including those in accelerated courses being used to satisfy a graduation requirement, such as Advanced Placement (AP), International Baccalaureate (IB) and Advanced International Certificate of Education (AICE).

These courses may or may not be on the list of “equivalent courses” for a particular subject. Therefore, if an accelerated course is being used to meet a student’s high school graduation requirement for courses that require a statewide EOC, that student must complete the subject area EOC. In these instances, a Course Assessment Status code of “E” should be recorded in the AC column on the transcript for Algebra 1, Geometry or Biology 1, as appropriate, and a credit should be applied to the course reported with “E.”

Online Course

What is the online course requirement for graduation?

For students entering ninth grade beginning in 2011–2012, at least one course required for graduation must be completed through online learning as per s. [1003.428\(2\)\(c\)](#), F.S.

20. What is the definition of an online course to meet this requirement?

An online course is a formal education program involving student–teacher interaction in which a student learns mostly through online delivery of content and instruction with some element of student control over time, place, path or pace.

21. What is the definition of the Online Course data element (197235)?

It is defined as an indicator of whether the student took this course under conditions that met the definition of an online course as per s. [1002.321\(3\)](#), F.S., and s. [1003.428\(2\)](#), F.S.

The online course requirement has been met if the student is exempt or if the student has taken and passed at least one course indicated as an online course.

22. What are the Online Course codes and corresponding definitions?

Code	Definition/Example
N	This course was not taken under conditions that met the requirements to be an online course as per s. 1002.321(3) , F.S., and s. 1003.428(2) , F.S.
Y	This course was taken under conditions that met the requirements to be an online course as per s. 1002.321(3) , F.S., and s. 1003.428(2) , F.S.

23. Where will the Online Course code be recorded on the high school printed transcript?

The code will be recorded under the ON column next to the AC column. Please refer to the Sample High School Transcripts, Examples 1 and 2, pages 19–22.

24. What is the definition of the Online Course Exempt data element (197242)?

The Online Course Exempt data element indicates that the student is exempt from the online course requirement as per s. [1002.321\(3\)](#), F.S. and s. [1003.428\(2\)\(c\)](#), F.S.

25. What are the Online Course Exempt codes and corresponding definitions?

Code	Definition/Example
D	This requirement does not apply to this student because the student has an individual educational plan (IEP) under s. 1003.57, F.S., which indicates that an online course would be inappropriate.

Code	Definition/Example
T	<p>This requirement does not apply to this student because of the following:</p> <ul style="list-style-type: none"> • The student is enrolled in a Florida high school and has less than one academic year remaining in high school. • The student is not in a cohort of students who must meet this requirement for graduation. • The student is pursuing a standard diploma by completing one of the following: <ul style="list-style-type: none"> ➤ An International Baccalaureate (IB) curriculum under s. 1003.428, F.S. ➤ An Advanced International Certificate of Education (AICE) curriculum under s. 1003.428, F.S. ➤ A three-year, 18-credit college preparatory program under s. 1003.429, F.S. ➤ A three-year, 18-credit career preparatory program under s. 1003.429, F.S.
Z	This student has no exemption.

26. What information is displayed on the high school transcript when Online Course Exempt codes are recorded?

- When a “D” or “T” is recorded, the “ONLINE COURSE EXEMPT” field will display a “Y” (yes) on the Graduation Summary page of the high school printed transcript. The “REQUIREMENT MET” field does not display.
- When a “Z” is recorded, the “ONLINE COURSE EXEMPT” field will display an “N” (“NO”) on the Graduation Summary page of the high school printed transcript. The “REQUIREMENT MET” field will display a “Y” (“YES”) if the requirement is met and an “N” (no) if the requirement is not met.

Refer to the Sample High School Transcripts, Examples 1 and 2, pages 19–22.

FASTER Technical Support

Where can information related to the FASTER system be located?

Information related to the FASTER system may be located at <http://www.fldoe.org/faster/>.

28. Where can questions related to the exchange of FASTER data and technical transcript questions be directed?

The staff in the Office of Application Development and Support (OADS) can provide assistance in resolving these technical questions. Questions may be submitted to FSTR@fldoe.org.

Credit Recovery Courses and Student Remediation Options

29. What is the definition of a Credit Recovery course?

Credit Recovery courses are elective credit-bearing courses with specific content requirements defined by Next Generation Sunshine State Standards (NGSSS) and/or Common Core State Standards (CCSS). Students enrolled in a Credit Recovery course must have previously attempted the corresponding course and/or end-of-course (EOC) assessment, since the course requirements for the Credit Recovery course are exactly the same as the previously attempted corresponding course.

For example, Geometry (1206310) and Geometry for Credit Recovery (1206315) have identical content requirements. It is important to note that Credit Recovery courses are not bound by section [1003.436\(1\)\(a\)](#), Florida Statutes (F.S.). It requires a minimum of 135 hours of bona fide instruction (120 hours in a school/district implementing block scheduling) in a designed course of study that contains student performance standards, since the students have previously attempted successful completion of the corresponding course.

30. Which courses are designated as Credit Recovery courses?

Specific courses in English, mathematics, science and social studies are designated as credit recovery and listed in the [2012-2013 Florida Course Code Directory](#) (CCD). Courses are designated as Level 2 and R (Recovery). They are reported as elective “EL” courses. Please refer to Table 3 for a complete listing of courses.

31. Why were Credit Recovery courses added to the CCD?

Credit recovery courses were added to the CCD to ensure accurate credit reporting on the high school transcript. Teachers are required to have appropriate subject-area certification. Districts may decide how to offer these courses.

32. How many credits may a student earn in a Credit Recovery course?

Effective for the 2012-2013 school year, Credit Recovery courses have a 0.5 credit value.

33. What subject code is reported on the transcript for a Credit Recovery?

All Credit Recovery courses are deemed elective and are to have an “EL” recorded in the Subject Code column on the transcript.

34. What resources does the Florida Virtual School provide to assist students to master the standards for courses that require an EOC assessment?

Assessment preparation resources and review session dates are available for all students from the Florida Virtual School at <http://www.flvs.net/myFLVS/study-tools/EOC/Pages/default.aspx>.

35. What are additional options for a student to receive remediation to help the student master the standards for courses that require a passing score on an EOC assessment for course credit to be awarded?

There are several different options for students who need remediation; a few are listed below.

- If the student passed the course but did not pass the EOC Assessment, he/she may go on to the next level course and also take a remediation course (i.e. Intensive Mathematics). A passing score on the EOC assessment is still required in order to earn course credit.
- If the student passed the course but did not pass the EOC Assessment, he/she may go on to the next level course and also take a course/credit recovery course. This course/credit recovery is not based on seat time, so the student would only stay in the course as long as necessary to master the standards.
- If the student passed the course but did not pass the EOC Assessment, he/she may go on to the next level mathematics course with supplementation.
- If the student did not pass the course, the student could retake it. This could occur over the summer or during the school year in either a traditional setting or online. Alternatively, a district could provide intense instruction in the summer to help the student master the course standards before retaking the EOC assessment.
- Students may be provided with remediation after school and on Saturdays via face-to-face tutoring, online tutoring or course recovery programs.
- In addition, students can access Algebra 1, Geometry, and Biology practice lessons any time in the FCAT Explorer and through the Florida Virtual School.

36. What mathematics and science practice problems are available at the FCAT Explorer website (<http://www.fcateplorer.com>)?

Math Timeline

With over 300 practice problems, *Math Timeline* provides comprehensive practice with the math benchmarks tested on the Algebra I and Geometry EOC assessments. Using a timeline-based navigation, *Math Timeline* includes problems that focus on history, science, culture and career. In addition, *Math Timeline* allows students to freely navigate through the program, work on problems related to a specific benchmark, or participate in instructional lessons on Geometry and Spatial Sense.

Science Mission

With 168 practice questions, four interactive concept activities, and three remedial lessons, *Science Mission* provides comprehensive practice for the skills tested on the Biology EOC Assessment. The program is organized into three areas: Cell Biology, Origins of Life, and Plants and Animals. In addition, Nature of Science practice questions are embedded in each area of the program. *Science Mission* instructional support includes answer-specific feedback and science vocabulary activities.

37. Do Credit Recovery courses count toward academic core subject areas for State University System (SUS) First-Time-In-College (FTIC) admissions and the Florida Bright Futures Scholarship Program requirements?

No. Credit Recovery courses designated with an elective “EL” subject code will not satisfy SUS/FTIC admissions and the Florida Bright Futures Scholarship Program requirements.

38. Are Credit Recovery courses approved by the National Collegiate Athletic Association (NCAA)?

No. The [NCAA Eligibility Center](#) determines whether or not to approve nontraditional academic core subject courses (e.g., credit recovery, online courses, independent study). Each high school must complete the NCAA eligibility certification process for academic core subject course approval.

Grade Forgiveness

39. What are the statutory requirements for the establishment of district grade forgiveness policies?

Section [1003.428\(3\)\(d\)](#), F.S., specifies that forgiveness policies for required courses shall be limited to replacing a grade of “D” or “F,” or the equivalent of a grade of “D” or “F,” with a grade of “C” or higher, or the equivalent of a grade of “C” or higher, earned subsequently in the same or comparable course. The only exception to these forgiveness policies shall be made for a student in the middle grades who takes any high school course for high school credit and earns a grade of “C,” “D,” or “F” or the equivalent of a grade of “C,” “D,” or “F.” In such case, the district forgiveness policy must allow the replacement of the grade with a grade of “C” or higher, or the equivalent of a grade of “C” or higher, earned subsequently in the same or comparable course.

40. How is course grade forgiveness recorded on the transcript?

For required courses, if a student retakes the same or comparable course and meets the grade forgiveness requirements, an “X” course flag is added to the first attempt of the course, and an “I” is added to the same or comparable course taken subsequently. These flags are defined in the Florida Department of Education (FDOE) Information Database Requirements Volume 1:Automated Student Data Elements ([Data Element Number 10925](#)) as follows:

- “X” – Exclude. Exclude from state and local grade point average (used only in combination with an “I” for tracking forgiveness).
- “I” – Include. Include in grade point average (used only in combination with an “X”).

The course flags apply to grade forgiveness policies for elective courses when a student takes another course and meets the grade forgiveness requirements.

41. Are all grades on the high school transcript calculated into the cumulative grade point average?

All course grades that have a credit value indicated in the Credit Earned column are calculated into the cumulative grade point average unless the course is excluded and an “X” Course Flag is reported.

42. Can a course be deleted from a student’s transcript?

No. [Rule 6A-1.0955\(3\)](#), Florida Administrative Code (F.A.C.), requires each school district to keep a record of courses taken and a record of achievement, such as grades, unit or certification of competence. Student records cannot be altered at any time unless it has been determined that the information is inaccurate or in violation of the privacy or other rights of the student. All courses and grades must be included on the student’s transcript. The authority for the school board to adopt a forgiveness policy does not provide the authority to alter a student’s record to delete the forgiven course and grade. The forgiveness policy authorization is for the express purpose of assisting students in meeting the requirements necessary to graduate from high school, including a minimum grade point average and successful completion of academic credit or curriculum requirements. All forgiven courses and grades must be included on a student’s transcript as an accurate reflection of the student’s record of achievement.

Credit Recovery Courses and Grade Forgiveness

43. What are some examples of how information is recorded on the high school transcript?

Please refer to Table 1, page 23, Grade Forgiveness and EOC Transcript Reporting Scenarios.

44. Is a student required to pass an (EOC) assessment in order for credit to be awarded in a Credit Recovery course?

No. A student is not required to pass an EOC in order for elective credit to be awarded in a Credit Recovery course.

45. If a student does not pass an EOC assessment in Algebra 1, Geometry or Biology 1 and the student takes a corresponding Credit Recovery course in a subsequent term, how is the credit and grade reported on the transcript?

If the student takes a Credit Recovery course for one term and passes the course, the student will earn a .5 elective credit and a course grade. In addition, if the student passes the EOC assessment, the credit for the Algebra 1, Geometry or Biology 1 course is posted on the transcript, and the grade earned from the corresponding Credit Recovery course is recorded if grade forgiveness is applicable. Please refer to Table 2, examples 2–4, 8–10, 13, and 15, pages 25–27.

46. Does grade forgiveness apply if a student earns a “D” or an “F” in Algebra 1, Geometry or Biology 1 and subsequently takes a Credit Recovery course?

Yes. If a student retakes a Credit Recovery course and earns a “C” or higher and the corresponding subject coded course is recorded on the transcript, then grade forgiveness may apply. Please refer to Table 2, examples 1, 7, and 9, pages 25–27, that include a student who takes a credit recovery course.

47. Does grade forgiveness apply if a high school student

- **Earns a “C” or higher in Algebra 1, Geometry or Biology 1,**
- **Does not earn a passing score on the EOC assessment?**

No. Grade forgiveness may not be applied to a required high school course taken during grades 9–12 if the grade earned results in a “C” or higher.

48. How is credit reported for a Credit Recovery course that does not require an EOC assessment?

A student who takes a Credit Recovery course may earn elective credit for the term(s) up to a maximum value of 1.0. In addition, the grade earned for the Credit Recovery course is posted in the “GR” (Grade Column), and the course credit value (.5 or 1.0) is posted in the Credit ‘CR’ column for the corresponding course (e.g. English 1, Algebra 2). Please refer to Table 2, examples 6 and 12, pages 26–27.

Table 1

Course Assessment Status Transcript Reporting

The following table provides specific recording guidelines for districts that utilize annual reporting (term 3) and semester reporting.

Course Assessments Status Code–Key

- A** Passed EOC
- B** Failed EOC
- C** Did not take EOC
- E** Exempted all or part of course
- F** EOC waived, student with a disability

Table 1

Table 2

Grade Forgiveness and EOC Transcript Reporting

Courses Requiring EOC Assessments

This table provides examples of how information is recorded on the high school transcript for a student who

- Is required to pass an EOC assessment in order for course credit to be awarded (Algebra 1, Geometry, Biology);
- Does not pass the EOC; and
- Subsequently takes a credit recovery course or repeats the course.
