## MEMORANDUM

**TO:** District School Superintendents

**FROM:** Pam Stewart

**DATE:** May 3, 2013

**SUBJECT:** Summer Academy for District Physical Education and Health Education Leaders

The Florida Department of Education's Office of Healthy Schools is providing a Summer Academy (academy) for district physical education and health education leaders. This training opportunity will be hosted by Memorial Middle School located at 2220 29th Street, Orlando, Florida, on June 18-19, 2013. The academy is designed for district coordinators of physical education and health education, and lead teachers of each subject. All district coordinators will be allowed to bring one of their exemplary physical education and health education teachers for a maximum of four attendees from each district (one district coordinator for health education, one district coordinator for physical education, one exemplary physical education teacher and one exemplary health education teacher).

Health education and physical education are required instruction for grades K-12. The academy will provide information and resources to district coordinators and their exemplary teachers focusing on the Next Generation Sunshine State Standards for physical education and health education, and Common Core State Standards for literacy.

The academy will accommodate up to 150 participants on a first-come, first-serve basis. The registration cost of the academy is \$25.00 per attendee. The district coordinator(s) will need to register and pay for all attendees representing their district at one time. For those traveling over 50 miles and needing travel assistance, the Office of Healthy Schools will reimburse allowable expenses up to \$200.00. Online registration will open Monday, May 6, 2013, at 11:00 a.m. and will close Friday, May 17, 2013, at 5:00 p.m. The academy registration link can be accessed on the Office of Healthy Schools website at <http://www.fldoe.org/bii/cshp/> beginning Monday, May 6, 2013.
