**DPS: 2013-46**

We are pleased to provide you with electronic access to the Request for Proposal (RFP) for the Mathematics and Science Partnership application. The documents provide guidance and instructions necessary to apply for competitive funding to establish a partnership consisting of a high-need local education agency (LEA), as defined in the RFP; science, mathematics and engineering departments within public or private universities and colleges; and other partners, as described in the RFP. The focus of the RFP is on teacher professional development for the Common Core State Standards for mathematics and literacy in technical subjects.

Questions should be directed in writing to Jackie Speake by email at [Jackie.Speake@fldoe.org](mailto:Jackie.Speake@fldoe.org). All questions with answers and information regarding the RFP will be posted on the Bureau of Curriculum and Instruction webpage at <http://www.fldoe.org/bii/>. The last date that questions will be received is May 17, 2013. Due to the competitive nature of this grant, questions will not be answered on an individual basis. Please visit the website for updated question and answer information.

PS/js

PAM STEWART  
CHANCELLOR OF PUBLIC SCHOOLS
