## MEMORANDUM

TO: Community College Presidents  
District School Superintendents

FROM: Lanny Larson

DATE: December 13, 2002

SUBJECT: Teacher Certification

Attached is a new page for the teacher certification publication titled "Teacher Certification Coverages with Specialization Requirements for Vocational Programs and Courses" last revised 7/95.

Engineering will have a new teacher certification: Engineer (ENG 7 G). The acceptable job titles will be any Engineer or Engineering related Bachelor's degree and a minimum of two (2) years engineering related experience.

Questions regarding this addition may be referred to Andy Anderman, State Supervisor, Industrial Education at (850) 414-8574.
