SUBJECT: Educator Recruitment Service Available for Florida K-12 School Districts and Charter Schools

I am pleased to announce that the services of Teachers-Teachers.com will continue to be available to you at no cost for the next two years. Teachers-Teachers.com is the leading nationwide, Web-based, K-12 educator recruitment service specifically designed to help school systems overcome the challenges of finding the most qualified educators in all subject areas and recruiting those educators to our schools.

Teachers-Teachers.com is a free service for all educators to search for K-12 employment opportunities here in Florida and nationwide.

The Florida Department of Education has extended its contract with Teachers-Teachers.com for all Florida public school districts and public charter schools through June 30, 2013. School district and charter school staff members responsible for recruiting can use this service to:

- Post job openings for all education personnel including teachers, administrators, and related service personnel
- Search resumes from a pool of over 27,000 certified educators/administrators interested in teaching in Florida
- Send e-mails to individual or targeted groups of educators/administrators alerting them of job openings, recruitment events, and incentive programs
