DPS: 2012-16

Each year, the Florida Department of Education collects from Florida school districts, fiscal information and a summary of activities supported by the state Safe Schools Appropriation. Documentation of proven programs and activities that support a safe learning environment is one component in our larger goal of increasing student achievement. Therefore, it is imperative that each district completes this web-based survey and ensures the accuracy of this data. Please note that this survey only highlights activities funded through the state Safe Schools Appropriation.

When the survey is completed by each district, the results will be summarized in the 2010-2011 Safe Schools Appropriation Expenditures Report.

To access the survey at the Florida Department of Education website, your district representative should contact the Office of Safe Schools by phone at (850) 245-0416 and obtain the district password, as well as additional instructions.

The Safe Schools Appropriation survey can be found at the following address:

<http://data.fldoe.org/safeschools/>

The deadline to complete the survey is Friday, April 20, 2012. After that date, no one will be able to enter data or submit the report online.
