## MEMORANDUM

TO: All Florida Education Administrators

FROM: Don Lewis, President, Florida Association of Instructional Supervisors and Administrators (FAISA)

SUBJECT: DOE/FAISA/FASA Curriculum, Instruction, and Assessment Leadership Conference – January 14-16, 2003

I am pleased to invite you and your colleagues to the 6<sup>th</sup> annual Florida Department of Education/FAISA/FASA Curriculum, Instruction and Assessment Leadership Conference.

Dates: January 14-16, 2003

Place: Adam's Mark Hotel, Daytona Beach

Theme: Changing Lives: No Student Left Behind in Florida

On Monday, January 13 there will be the DOE sponsored Joint Service Providers meeting and many of the statewide instructional associations will be holding business or board meetings.

Based on the success of this conference over the past several years, I know that this will be an excellent opportunity for district administrators, supervisors and teachers on special assignment from all subject areas and instructional programs to share successful strategies and best practices. This is also an opportunity to receive information from the Department of Education and school district personnel on current issues and new programs. The Department of Education is also looking for feedback from school district personnel on future plans and issues.

Please share the enclosed conference registration materials with your colleagues. Updated information will be posted on the FAISA website: [www.fasa.net/faisa](http://www.fasa.net/faisa)

I look forward to seeing you in Daytona Beach!

Enclosures

Cc: Douglas Crawford  
Louis Dunbar, FAISA Conference Planning Co-Chair  
Don Griesheimer, DOE Conference Planning Co-Chair
