**MEMORANDUM**

**TO:** District Superintendents

**FROM:** Dr. Frances Haithcock

**DATE:** March 10, 2010

**SUBJECT: FREQUENTLY ASKED QUESTIONS-RELATED TO STUDENTS FROM HAITI**

We are pleased to provide you with a document related to students coming to Florida as a result of the Haiti earthquake. The document provides information related to enrollment, program placement, support, and technical assistance for students and staff.

Thank you for your efforts to facilitate the education transition for these students who have experienced such a traumatic event. Your collaboration with your local health department has been essential.

As additional questions arise, forward them to Bettye Hyle at bhyle@usf.edu or call (850) 245-7851.
