TO: Assistant Superintendents for Instruction

FROM: Dr. Cornelia Orr
Administrator, Assessment and School Performance

DATE: March 7, 2005

SUBJECT: The New FCAT NRT: Stanford Achievement Test, Tenth Edition

The Department is pleased to announce the availability of the brochure detailing the *New FCAT NRT, the Stanford Achievement Test Series, Tenth Edition* (*Stanford 10* or *SAT10*), on the Department Web site. The brochure outlines differences between the *SAT9* and *SAT10* and provides specifications of the classifications and composition of the Reading and Mathematics assessments. This document is accessible via both the *Publications for Educators* page at http://www.firn.edu/doe/sas/fcat/fcatpub2.htm and the *Publications for the General Public* page at http://www.firn.edu/doe/sas/fcat/fcatpub1.htm.

The SAT10 is a nationally normed assessment utilized by the Department to compare the performance of Florida students to a national sample. This comparison helps ensure the highest achievement for all Florida students by creating an efficient educational system that is responsive to educational research and the concerns of students, parents, educators, and other community members.

If you have any questions concerning the *New FCAT NRT, the Stanford Achievement Test Series, Tenth Edition*, or the FCAT NRT administration, please call the Office of Assessment and School Performance at (850) 245-0513 or SunCom 205-0513.
